OBJECTIVE

Every year, the AXA Group offers to its employees, in and outside France, the opportunity to subscribe to shares issued by way of a capital increase reserved for employees. In doing so, the AXA Group hopes to strengthen its relationship with its employees by closely associating them with the future development and results of the Group.

The 2008 offering, called "Shareplan 2008", will take place about 40 countries and will involve more than 100,000 employees who will, in most countries, be offered the opportunity to participate in both a classic share offering and a leveraged share offering.

SHARES TO BE ISSUED

- Date of the shareholders’ resolution authorizing the capital increase: General Shareholders’ Meeting of April 22, 2008.

- Dates of the Management Board’s decisions: May 26, 2008 (principle of the offering) and September 15, 2008 (fixing of the Reference Price and of the dates of the subscription period).

- Type of share, maximum number: Pursuant to (i) resolution 18 of the General Shareholders’ Meeting of May 22, 2008 and to (ii) the decisions of the Management Board of May 26, 2008, the offering will consist of the following:
  
  - An issue, without preferential subscription rights for existing shareholders, of new shares offered at a subscription price equal to:
    - under the classic share offering, for all countries: 80% of the Reference Price (or its value in local currency),
    - under the leveraged offering plan, for all countries (except Germany): 85.85% of the Reference Price (or its value in local currency) and for Germany, 100% of the Reference Price.

  - The maximum number of new shares that may be issued pursuant to the offering is 43,668,122 shares, corresponding to a capital increase of a nominal amount of approximately Euro 100 million.

  - The new shares earn dividends as of January 1, 2008.
SUBSCRIPTION CONDITIONS

- Beneficiaries of the offering: Unless local law requires otherwise, the individuals eligible for the offering are:
  
  - Employees who, at the beginning of the subscription period, have an employment contract with one or more eligible AXA entities, members of an employee savings scheme, and have been employed for at least 3 months on a continuous or on a discontinuous basis over the period from January 1, 2007 to the first day of the subscription period, in accordance with Article L. 3342-1 of the French Labour Code,
  
  - Ex-employees of eligible AXA entities who are retired or have taken early retirement provided that such persons have not asked to have their investment in any Group Employee Stock Purchase Plan (Plan d’Epargne d’Entreprise de Groupe or P.E.E.G.) or in any International Employee Stock Purchase Plan (Plan International d’Actionnariat de Groupe or P.I.A.G.), held in registered accounts or via one or several funds, liquidated at the beginning of the subscription period.

The companies eligible for the offering are those that have enrolled in the P.E.E.G. or in the P.I.A.G. including the amendments thereto.

- Existence or not of preferential subscription rights for existing shareholders: The issue will be without preferential subscription rights for existing shareholders, in favor of members of an employee savings scheme pursuant to the provisions of Article L. 225-138-1 of the French Commercial Code.

- Terms of subscription:
  
  - For the classic offer (excluding certain countries notably Italy, South Korea, Spain and the United States) the new shares will be subscribed through funds (FCPE) of which the employees will receive units. The employees will have direct voting rights at AXA’s general shareholders’ meetings.

    In countries where shares are not subscribed through FCPEs for the classic offer, the shares will be subscribed directly by employees and will be held in registered accounts. They still have direct voting rights.

  - For the leveraged plan other than in the United States, the new shares will be subscribed through FCPEs of which the employees will receive units. The employees will have direct voting rights at AXA’s general shareholders’ meetings.

    In the United States, the shares will be subscribed directly by employees and will be held in registered accounts.

- Investment limit: in accordance with Article L. 3332-10 of the French Labour Code, aggregate voluntary contributions by each eligible employee may not exceed one-fourth of that eligible employee’s annual gross compensation or pension benefits, as the case may be (such investment limits could be lower pursuant to local laws). The investment limit for the leverage offer, within the limit of the quarter of the employee’s
annual gross compensation or pension benefits is calculated after taking into account the complementary contribution of the bank.

- Minimum holding period of shares: eligible employees will be obliged to hold their shares or fund units for a period of approximately five years, i.e. until April 2, 2013 in France, until July 1, 2013 for the rest of the world and until November 29, 2013 in Belgium, except in the case of a specified early exit event.
